

Wedding Photography

If you're looking for a photographer that is affordable and creates warm, natural and fun imagery then you've come to the right place! Based in the heart of Surrey. I love weddings and everything about them!

My style is relaxed, and documentary so I will endeavour to capture the events of the day as they happen without much direction from me as a photographer. I am very accommodating so that the day runs smoothly. I allow everything to unfold naturally throughout the day and capture all of the emotions and the happiness, as well as all the beautiful details you've made beautiful for your special day!

I love quirkiness and weddings with something a little bit different! So if you're planning a DIY wedding and have some fun ideas then get in touch, I'd love to hear all about them!

Refer a friend and get £25 cash when the client has paid and secured a booking. Make sure the friend give me all your contact details so I can contact you to arrange payment for referral.
